"COONEY THE FOX!"

Stories Afloat That He is in the Custody of the Police—The Cronin Case in Court.

CHICAGO, Aug. 30.—The rumor is revived that Patrick Cooney, "The Fox," Martin Burke's and John F. Begg's friend and boon companion, is in the custody of the police.

As the story goes, Cooney, who is a rather intelligent man, on discovery that he was duped into becoming one of the murderers of Dr. Cronin, by infamously false statements to the effect that the victim was a spy, resolved to surrender in order to expiate his own crime and to bring the doubly guilty instigators of the murder to justice. Cooney, it is said, has not been in jail or in confinement, but has been staying with some of the friends of the murdered doctor, awaiting the opportunity to make amends for his misdeeds.

Another story is that Cooney has been arrested, on a requisition obtained at Springfield in the early part of the week by Superintendent Hubbard.

The facts in relation to Cooney, it is said, were divulged to the prosecuting attorneys for the first time yesterday and the protracted conference at Mr. Mills' office in the afternoon had reference exclusively to that affair.

Another story that found circulation and is believed by many, is that the galvanized iron box containing Dr. Cronin's clothes, and which was soldered by the Klahre's, has been discovered. The police officials and the attorneys for the prosecution refuse to say anything about these rumors.

When Judge McConnell's court opened this morning at 10 o'clock, States Attorney Longenecker announced that the state was ready to proceed in the cases of Coughlin, Beggs, O'Sullivan and Burke.

It was agreed that a special venire should issue for fifty jurors returnable at 2 o'clock, and the prisoners were remanded to that hour.

The rumor that Cooney is in the custody of the police, and is kept in hiding by some of the friends of the prosecution is not believed.

THE G. A. R.

Proceedings of the Soldiers' Encampment at Milwaukee.

MILWAUKEE, Wis., Aug. 30.—The resolution favoring an amendment to the pension laws by which soldiers' widows should continue to receive pensions in the event of their remarriage, was rejected in the national encampment just before the adjournment yesterday afternoon. Strangely enough no reference to the matter appeared in the report of the official stenographer, nor is the resolution among the documents of the day on file.

Corporal Tanner was one of the speakers in support of the resolution, and he is credited with using, in the course of his speech, the following sentiment: "I want to say that to fail to adopt some such a rule is to place a premium upon immorality. There is not a week that there are not a great many cases that come to my knowledge where women have made lamb-skins of their virtue to retain a pension."

A number of delegates who were spoken to this morning, denied that the commissioner of pensions had expressed himself in these liberal terms, although they admitted that he made rather a broad remark that, in the language of an Ohio delegate, "brought down the house and made those present shake their sides."

The encampment resumed its session this morning. An adverse report was made by the committee on resolutions on the resolution declaring against the recent decision that a dishonorably discharge from the army is no bar to the securing of a pension.

Among the other resolutions was one asking the government to furnish each post with a copy of the regiment record now in course of publication.

TOO HOT FOR WORK.

Harrison Busy Looking Over the Papers of Office Seekers.

DEER PARK, Md., Aug. 30.—President Harrison found it too hot for executive work to-day and was busy all the morning over the papers of a number of candidates for office. He received no callers, but went back to his old custom of working from 9 o'clock to 1.

Charles M. Hammond was appointed postmaster at Boonville, Ind., yesterday by President Harrison.

The Weather.

WASHINGTON, August 30.—Indiana—Fair, slightly cooler in northern, stationary temperature in southern portions; southeasterly winds.

MRS. E. C. WILLIAMS-PATTERSON

The Brilliant Lady Orator Who is to Speak in This City on Labor Day.

Among the distinguished orators who are to be in this city on Labor Day, next Monday, to address the people at the fair grounds, is Mrs. E. C. Williams-Patterson. Those who heard her at the Academy of Music a year or two ago will not need to be told that she is an eloquent and brilliant speaker, for she captured her audience on that occasion, and her re-appearance here will be heralded with pleasure.

MRS. E. C. WILLIAMS-PATTERSON.

This lady, formerly state lecturer and organizer of the Illinois Knights of Labor, was born in the state of New York, Shuyler county, about seven miles from the head of Seneca Falls, and the famous Watkins Glen, in the little village of Tyrone. Her father's name was Israel Davison, and was of Scotch extraction; her mother was of French descent. She is the youngest of a family of fourteen children. She received her early education in a country school, and afterward attended an academy for a few years after coming to Illinois in 1863. In 1868 she left the state of Illinois for California, which state for a long time she made her home, a part of the time living on a farm in Solano county, and a part of the time in the city of San Francisco. She returned to Illinois a few years ago.

Her first appearance on a platform was in Eureka, Wis., in a little brown Universalist church. She has spoken upon temperance, woman suffrage and all kindred topics. She was for three years a member of a Theanthropic society in San Francisco, which was a free platform for all topics relating to human weal.

In the winter of 1885 Mrs. Patterson joined the Knights of Labor—local assembly, 2,999, San Francisco, Cal.—from which assembly she holds the highest testimonials as to character and as to ability as a public speaker. A set of resolutions were passed by this assembly, in September, 1889, congratulating the state executive board on her appointment and the efficient work guaranteed to the state thereby, and recommending her to the general executive board as a general lecturer, with a salary to enable her to further push the work. Mrs. Patterson delivered her first lecture on the labor question in old Music Hall, and it was upon the subject of "Woman as Related to the Labor Movement." She spoke in nearly every hall in that city afterward on this great topic. She is an honorary member of the Coast Seamen's union, of the Pacific coast, and has been state teacher by appointment in both Illinois and Indiana.

Mrs. Patterson has been for one year and six months associate editor of the Chicago *Express* and is a trusty, tried and faithful advocate of the great cause. She has sacrificed everything for the work and is really one of the most indefatiguable and able leaders in the great battle for equal rights now in the field.

Mrs. Patterson is a lady of decided strength of character, a natural orator of great magnetic power and will make her mark wherever she goes.

Big Embezzlers.

GRAND RAPIDS, Mich., Aug. 30.—Alfred Broad, formerly foreman of the State Packing and Provision company, was arrested at Ionia, Wednesday, and brought to the jail here on a charge of embezzlement. It is claimed that his stealings will run from $10,000 to $40,0000.

TOPEKA, Kas., Aug. 30.—Governor Humphrey yesterday issued a requisition for Dan B. Russell, jr., treasurer of Scott district No. 12, in Kearney county, who is a defaulter to the amount of $15,000, and is supposed to have gone to Canada.

Hon. Robert Stratton's family, of Minneapolis, are visiting in the city.

THE LONDON STRIKE!

If the Demands of the Strikers Are Not Conceded Monday Will Witness a Dark Day.

LONDON, Aug. 30.—The committee of the striking dock yard laborers held a meeting last night, and, as the result of it, a circular was issued early this morning strongly appealing to workers of every calling in London to strike on Monday unless the dock companies shall in the meantime concede to the finale demands of their striking employes, to-wit:

Six pence an hour for ordinary work and eight pence an hour for over time. The latter to count from 6 o'clock in the evening until 8 in the morning. Under the contract system the demands are for ordinary work and a shilling an hour for over time; no man to be employed less than four hours.

A mass meeting of strikers will be held in Hyde Park on Sunday. The Dock companies are still obdurate with regard to the single point in dispute, the increase of wages as demanded by the men, and the indications are anything but favorable for an immediate settlement of the strike.

Cardinal Manning has espoused the cause of the striking dock laborers, and is pleading with the directors of the dock companies to put an end to the trouble by conceding the demands of the men.

The gas stokers are becoming much disturbed over the strike, and fears are entertained that they may join the dock men, in which case the city would be thrown into darkness, and danger of calamity from the neglected retorts would be very great.

The manifesto issued by the strikers' committee this morning is signed by all the labor organizations of London. The condition of affairs becomes more serious hourly. Mr. Burns addressed a meeting of 8,000 men at Tower hill to-day, giving as the watchword: "No Surrender." He was wildly cheered. Three thousand iron workers at Keighly have struck.

IN THE SOUP.

James P. Tomlinson and Adam J. Sternburg Behind the Bars for Revenue Violation.

Last night U. S. Commissioner Elmer Leonard heard the evidence in the cases of James P. Tomlinson, of Butler, Ind., and Adam Sternburg, of Hamilton Lake, Ind.

The men pleaded guilty to violation of the internal revenue laws and were bound over, Tomlinson in the sum of $400, and Steruburg in the sum of $200.

The prisoners not having the required bail will be taken to Indianapolis tomorrow by Deputy U. S. Marshal T. W. Blair.

Maryland Ranging.

CUMBERLAND, Md., Aug. 30.—Melvin E. Garlitz was hanged here this morning for the murder of his wife. He showed no signs of fear on the scaffold, and died without extraordinary struggling.

LOCAL LINES.

Mr. Fred Hollenbeck had his arm injured yesterday while at work on a ditch.

The uniformed rank of the Legion will hold a meeting to-night to prepare for Labor day.

Henry, the three-year-old son of Mr. Ph. Wassman, 88 Lillie street, died yesterday of brain fever.

Praf. Gerberding, of the St. Paul Lutheran schools, observed his forty-eighth birthday to-day.

Miss Alice Beugnot, of the county recorder's office, has returned from a pleasant visit at Auburn.

Miss C. W. Chapman, of Warsaw, is the guest of Mr. and Mrs. Otto Patterson, of 50 Brackenridge street.

Manager R. T. McDonald has returned from the east and will join his family at Petoskey to-morrow.

The young ladies' of the Baptist church are arranging for a "business men's carnival," to be held in the near future.

The Wabash excursion to Put-in-Bay will be a success, from present appearances. To-day there were 408 tickets given out.

Wm. Kent will be arraigned before 'Squire Ryan, on the charge of provoking Joseph Massieus. The affidavit was filed to-day.

Some of the business men have surprises in store for the Labor Day parade and will make a grand showing of their business. The committee invite all the merchants and manufacturers to participate in this demonstration.

CARVER'S CONCERT.

A Financial Failure But a Musical Success—An Excellent Program.

Last evening at the Temple a fair audience gathered to hear a rare musical treat on the occasion of Walter Carver's concert. It must be said that amateur concerts seldom meet with large houses and swelled receipts. The program was carefully selected, including Miss Ida Kellogg, the Fort Wayne favorite.

Those participating were Mr. Richmond, the Chicago basso, Miss Carter, of the same place, a soloist of fairly good ability, and others. The quartet songs of Misses Kellogg, Carter and Messrs. Harkemper and Carver were much appreciated. The entire entertainment was commendatory to Mr. Carver who worked so energetically to give a first-class musical program and then failed to realize anything but praise for his efforts.

A DISASTROUS "SPURT."

Frank Keplinger Takes a Bad Header From a Bicycle and is Seriously Injured.

Between 7 and 8 o'clock, this morning Mr. Frank Keplinger, assistant book-keeper at the First National bank, met with a serious accident while "spurting" on his bicycle, about four miles from the city on the Leo road.

He lost the pedal and the machine sent him head-long down an embankment at the road side, where he lay in an insensible condition until a vehicle arrived from the city and conveyed him home.

Dr. H. V. Sweringen was called and he pronounced the injuries serious. The young man is in considerable pain, which creates an impression that he is injured internally.

This afternoon the young man was resting easier.

THE LAST HEAT

The Races of the Driving Association Come to a Close To-day—A Fairly Successful Tournament.

The three days' racing tournament of the Fort Wayne Driving association, came to a close this afternoon and considering the fact that Fort Wayne has not heretofore been treated to a first-class field of horses and also that people have got to be educated to these features that the city has not had before, it must be conceded that the event has been fairly successful.

The program yesterday was fulfilled in every particular. The first race called was the 2:40 class, pacing. There were five fine starters, and it was a splendid contest, but was won in three straight heats by Blue Belle, owned by Jacob Stults, Decatur, Ind. The following is a summary: Blue Belle, 1, 1, 1; Tom F., 4, 2, 2: Mattie Fleming, 3, 2, 3; Lady Vice, 2, 4, 4; L. B. Curtis, distanced. Time, 2:29¼, 2:34¾, 2:30½.

The free-for-all trot was a lively race, but was easily won in three straight heats by Frank Middleton, owned by R. J. Downs, of Chicago, Ill. The score was: Frank Middleton, 1, 1, 1; Kit Curry, 2, 2, 2; Gold Leaf, 3, 4, 3; Silver Cloud, 4f 3, 4; Junemont, 5, 5, 5. Time, 2.24½, 2:25¾, 2:25½.

The last race of the day was the running, mile dash, and it was a very spirited contest. The horses received a good start, and they held together closely—almost neck and neck—for the first half mile, when Ernest Race forged slightly ahead and came in under the wire a victor, in 1:45, this also being another record breaker on the track. The position of the horses at the close of the race were, Ernest Race, 1; Somerset, 2; Effie H., 3; Walker, 4, and John Bowers, 5.

To-day is termed the blue ribbon day of the tournament. There is a 2:99 trot, with six starters; a 2:27 pace, with five starters, including Luella, owned W. B. Bash; a 2:28 trot, with five starters, including Elsie B., owned by A. D. Cressler; a half mile run, and an exhibition pace, by Red Bell and others.

A STABBING BEE.

George Thompson Makes a Fierce Assault on His Wife.

This morning the patrol wagon was called out on South Harrison street, in the vicinity of Williams park.

George Thompson, a middle aged man, was very rash with a large butcher knife, and in his frantic excitement used it on his wife. The woman was a victim to his crazy attempt, and received a bad wound in her arm. The case was called for 3 o'clock this afternoon.

The mayor, after hearing the evidence, assessed a fine of $25 and costs, and in lieu of the necessary wealth, the man went to jail.

10,000 PEOPLE PERISH!

And 20,000 Rendered Homeless by the Storms in Japan—Great Loss of Property.

YOKOHOMA, August 30.—By the recent storms in the district of Wakayoma, 10,000 people perished and 20,000 were rendered homeless. The loss of property is enormous.

A CLOUDY CASE.

Moses Moten Assaults Robert F. Barnes Whom He Alleges Ruined His Daughter.

This morning Officer Patrick O'Ryan made the arrest of Moses Moten, a colored man living at 70 Murray street. Moses it seems, waited for a train to come in on the G. R. & I. railroad, on board of which was Robert F. Barnes, a colored brakeman. When Barnes arrived he received a tough reception from Brother Moten, who used a heavy cane over his head and shoulders with much vigor.

Moten stated that Barnes had been too intimate with his daughter, and had ruined her. He thought he was only just in belaboring the fellow. Moten is a hard working man, and has long been with the Kerr Murray company in the capacity of engineer. Mr. A. D. Cressler went on the bond for the man's appearance on a charge of assault with intent to kill.

More sensational developments will come. Meanwhile the unfortunate girl is confined to the bed.

A MINISTER'S DILEMMA.

He is Haunted by an Unknown Female Admirer.

The Rev. Thomas Harrison, the venerable "boy preacher," is haunted by an unknown female admirer who follows him about the country. She is said to be rich, young and beautiful and dresses strikingly. The revivalist pays no attention to her, although she always sits in the front row when he is preaching. As Harrison is making $400 a week he is not looking for a wealthy bride.

There is not a man in the world, perhaps, who is insensible to the charms of the fair sex and who is not flattered when he receives their admiration. One method of securing their favor is to always dress neatly and "in style." If you purchase your clothes at Original Pete's, you will find that the girls will always admire you.

There is no let up to the rush of trade at the Flood Sale. People see that they can save nearly half on their shoe bills and still get honest made goods. Still plenty of excellent bargains left.

FRIDAY, AUG. 30, 1889.

THE Indiana state fair will occur September 23 to 28, and the outlook is for the best fair ever held in the state.

MR. THOMAS G. SHEARMAN estimates that there are 31,000 persons in this country who own three-fifths of the total wealth of the country.

NEXT Thursday will occur the laying of the corner stone of the new M. E. church at Angola. Rev. Dr. Barnes, of this city, will deliver the address in the afternoon and will also lecture in the evening.

JOHN H. SURRAT has just had his life insured at Baltimore. In the application blank he wrote opposite the question as to the cause of the death of his mother: "She was murdered by the United States government."

THE Pope is taking a summer holiday. He left the Vatican to stay in a small pavillion at the end of the gardens, called the "Casino of Pius IV," and thoroughly enjoys the change after being restricted to the same apartments for over eleven years.

CORPORAL TANNER was given a mild indorsement by the G. A. R. encampment at Milwaukee yesterday, and tacked on to the end of the resolution was a clause asking for a full investigation of the affairs of the pension commissioner's office.

NO PERSON living will again date a document without using a "9." It now stands on the extreme right—1889. Next year it will take second place—1890, where it will remain ten years. It will then move into third place—1900, and there will rest a century.

COL. I. J. C. SHUMAKER, of Tiffin, O., who is prominent in the Knights of Pythias order, was nominated Wednesday at the Ohio democratic state convention for clerk of the supreme court. Colonel Shumaker is a frequent visitor in Fort Wayne and has many friends in this city.

IN speaking of the campaign in Ohio the New York *Herald* has this to say: "The democrats by a united effort may make the republicans' teeth chatter, but they will have to burst a button if they propose to throw their opponents. The republicans have the money and the democrats the right; that is how the matter stands. This a pretty cold world and an argument which rests on a crisp greenback, as a luscious oyster does on the half shell, is the most convincing thing in the politics of the time."

THE St. Joseph conference of the United Brethren church, in session at North Manchester, this week, struck the names of six offending ministers from the conference list. The offense of the deposed brethren was in encouraging the conservative element in its fight against the liberals, the out growth of the recent general conference. The action is considered arbitrary and unjust by the alleged offenders and their friends. The St. Joseph conference embraces nearly all of northern Indiana.

THE Detroit *Free Press* has this to say: "Fort Wayne, Ind., must be a thrifty town, even when measured by the Hoosier standard. It is charged that a lot of clothing left in the pest house of the city named by victims of the smallpox was sold to some Italian laborers, who afterwards went to work in Wisconsin and started an epidemic there. It would be cheaper, if this line of conduct represents the settled view in Fort Wayne of what is neighborly, for the country to subscribe the cost of buying and burning all the infected clothing that city has on had in its pest house or elsewhere."

THERE are on the pension rolls very nearly a half million names. The amount spent for all purposes last year by the bureau was in round numbers $82,000,000. The total expenditures of the government for the same time were $267,000,000. That is to say the amount spent on account of pensions was over thirty per cent of the entire outlay of the government. The money which this country has appropriated for the support of its boys in blue since 1861, reaches the very respectable sum of $1,000,000,000. A larger number of special pension acts were approved by Grover Cleveland than by any two presidents since the south fired on Sumpter.

TWENTY-THREE republican clubs in the Third congressional district, Baltimore, met in joint meeting and adopted resolutions in opposition to civil service laws. They claim that "any party in power having an office to bestow should give it to the man believing in the principles of that party, and who has worked to give those principles ultimate victory." They pledge themselves not to support any one for office who is in favor of "the present odious civil service, or its application in the distribution of public patronage." The republicans want all the offices when they are in power in national affairs and they want them when they are out of power. In fact they want office all the time, and think there are too few of them now to go around.

DON'T STEP ON WHISKY'S TOES.

A Dakota Editor Did It and He Has No Printing Office Now.

VALLEY CITY, Dak., Aug. 29.—The office of the *Times-Record* of this city, was completely demolished by a mob Tuesday night. The editor of the paper is a pronounced prohibitionist, and has used his influence with telling effect, both in local affairs and in the state conventions. The editor has been warned frequently, but the effect was to make his attacks upon the whisky element more bitter.

At dark Tuesday evening a mob quietly surrounded the building and at a given signal a rush was made. The door was broken in and the work of destruction commenced. It was not stopped until everything that could be destroyed was demolished. Presses were broken, type thrown into the street, ink spilled on the floor and not a dollar's worth of stock escaped the general wreck. Several participants in the outrage are known and they will be most vigorously prosecuted.

THE POPULAR "CONS."

The State Convention of the Railway Conductors Held at Logansport.

The state convention of the Indiana division, Order of Railway Conductors, opened Wednesday at Logansport, Ind., for a two day's session in that city, and was attended by representatives of all the lodges in the state, of which there are twelve, and a large number of conductors went merely for pleasure. The convention was called by Assistant Chief Wilkens for the purpose of giving instructions in the new ritual recently adopted by the grand division of the United States. The meeting was held with closed doors, and the work was of a secret nature.

Among the delegates attending were C. H. Wilkins, grand chief conductor, Chicago; A. B. Cardwell and A. C. Miller, Garrett, Ind.; A. J. Lee, Terre Haute; L. M. Blakesley and L. A. Kanaga, Fort Wayne; John Fording and F. G. Parkin, Andrews; P. J. Richardson, Kenton Garrison, Butler; S. P. Johnston, Huntington; E. N. Hart, Hannibal; Chalmers Brown, H. M. Mounts and J. E. Walters, Indianapolis, and Frank Barnett and E. W. Alexander, of Logansport.

The business closed last night with a grand reception.

PHOEBE'S PREDICAMENT.

Phoebe B. Braithwaite Makes Serious Charges Against Her Husband.

To-day Mr. A. H. Bittinger, as attorney, filed a complaint with the county clerk in which Phoebe B. Braithwaite seeks a divorce from Charles S. Braithwaite.

The charges are serious and show that the woman has been cruelly treated and has not been provided for in the manner that any true, devoted wife had ought to be.

The defendant is an engineer on the Nickel Plate and is known well in railroad circles, The parties have resided at 181 Greely street.

The case will be heard in the circuit court.

REMARKABLE STATE CIRCULAR

Superintendent LaFollette Advises Against the Sale of Old Books.

The superintendent of public instruction has issued a somewhat remarkable circular. It is issued in the name of the state, and is as follows;

INDIANAPOLIS, Aug. 24, 1889.

To County Superintendents and Trustees:

I wish to call your attention to the fact that in the change of books now taking place throughout our state, the prices allowed in exchange for books heretofore in use in the schools of the state are so small as to compare very unfavorably with the value of such books in the hands of the pupils for works of reference.

In view of the lowness of the prices offered, the books heretofore used should not be exchanged, but kept by the pupils and used as books of reference. The price of the new books, without exchange, is practically equal to exchange prices. I therefore recommend that you use your influence to prevent any such unprofitable exchange and loss to pupils and parents. Very respectfully,

HARVEY M. LAFOLLETTE,
Superintendent of Public Instruction.

Ball Games.

The games played yesterday were as follows:

National league—Pittsburg 9, Chicago 2; Washington 12, Philadelphia 4; Indianapolis 1, Cleveland 5; New York 9, Boston 6.

American association—Baltimore, 0, Brooklyn 4; Columbus 15, Athletics 1.

Very Sensible "Japs."

In Japan the old-school physicians are permitted to wear only wooden swords. This is a gently sarcastic way of expressing the opinion that they kill enough people without using weapons. But the druggist who introduced Dr. Pierce's Golden Medical Discovery into the Empire, carries a fine steel blade. It was found that all who tried this wonderful remedy for coughs, colds, consumptive tendencies, blood, skin and liver troubles, were, without exception, greatly benefitted. The Mikado himself is said to have "toned up" his system by its use, and the importer was therefore permitted the exceptional honor of wearing the sword of nobility.

John Merkel to repair house on lot 9, Noels' 3rd addition, to cost $300, and Leonard Molitor to build a kitchen on lot 299, Lewis' addition, to cost $200.

L. M. Ninde to build a store building on lot 518, Hanna's addition, to cost $1,800, W. H. Drier, store building, lot 545, Hanna's addition, $1,500; C. Tresselt, boiler house, 25 Old Plat, $600; S. Heingartner, barn, on lot 12, Ewing's addition, $50; C. F. Reinkensmeier, kitchen, on lot 10, Ewing's addition, $200.

The Moore of Keene illustrates the passion of jealousy in its most malignant form, the Moore being a product of that zone which produces all that is ardent, melting, languishing, tender, voluptuous in passion, and that which also produces the fiercest beats and the most venomous serpents. In his love for Desdemona the first have possession of him; in his jealously he is a brute. Reason is in suspense throughout. Such is said of the Othello of Keene and as such he has acquitted himself with great credit and received the generous and well merited praises both of the press and public everywhere.

Peculiar

In the combination, proportion, and preparation of its ingredients, Hood's Sarsaparilla accomplishes cures where other preparations entirely fail. Peculiar in its good name at home, which is a "tower of strength abroad," peculiar in the phenomenal sales it has attained, Hood's Sarsaparilla is the most successful medicine for purifying the blood, giving strength, and creating an appetite.

Sir Charles Russell's fees in the Maybrick case amounted to 1,100 guineas. He had 500 guineas as a retainer, and a "refresher" of 100 guineas a day.

The *Epitome* for May, 1889, a leading medical journal of New York, says editorially: "For years Pond's Extract has been distinguished for its purity and reliability. Of unvarying strength, clear and pure as a crystal, this distillate has been more than popular. Surgeons, physicians, and dentists unanimously accord it higher praise. As a styptic and astringent its particular virtues stand forth very prominently; but we believe that a large proportion of the profession fail to give it the attention it deserves. Its antiphlogistic property renders it peculiarly useful in imflammatory surgical affections, as errysipelas, diffuse swellings, strains, sprains, bruises, and the like. In simple inflammatory affections of the throat, ulcerative tonsillitis and stomatitis it acts promptly and pleasantly. As an embrocation in muscular and sub-acute rheumatism it affords great relief."

Miss Rosa Sowle is visiting in Angola, the guest of Miss Nellie Sowle.

Hark! hark! 'tis SOZODONT I cry,
Haste youths and maidens, come and buy.

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Waltersburg, sold over 380 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy during this epidemic, and say that they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 60 cent bottles for sale by Geo. H. Loesch.

SEVENTH POINT

You should read THE CHICAGO DAILY NEWS because *you can afford it.* Price doesn't stand in the way. It's really the cheapest thing on earth. One cent means practically nothing—until you spend it. Then you may make it mean a great deal, according as you invest it. A thing is cheap if it costs little, and is worth much. THE DAILY NEWS is like a telegraph from the whole world to your brain. To keep it in constant working order costs you but one cent a day. That's why it's cheap—because it renders a great service for an insignificant price.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day*

Swift's Specific has cured me of a malignant breaking out on my leg, which caused intolerable pain. It was called Eczema, by the doctors—four of whom treated me with no relief. I cheerfully confess that I owe my present good health to S. S. S., which in my estimation is invaluable as a blood remedy.

Our baby when two months old was attacked with Scrofula, which for a long time destroyed her eyesight entirely, and caused us to despair of her life. The doctors failed to relieve her, and we gave Swift's Specific, which soon cured her entirely, and she is now hale and hearty.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health. Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

FRIDAY, AUG. 30, 1889.

FRIDAY'S FRY OF FACTS

As the Sentinel Reporter Finds Them Around the Railroads and Manufacturing Establishments.

Alexander Ahern, of the Bass works, is entertaining Charles O'Day, a foreman in the Joliet steel works.

W. D. Hartzuff, of Superintendent Law's office, is at Hillsdale, Mich., where Mrs. Hartzuff is visiting.

Two colored men had a lively tussle at the Pittsburg depot this morning. The affair is referred to elsewhere in to-day's paper.

L. M. Blakesley and L. A. Kanaga, of this city, were attending the Indiana railroad conductor's convention at Logansport.

W. H. Fisher, general passenger agent of the Muncie route, accompanied Summit City division No. 12, to Bluffton yesterday.

The Pennsylvania company has made a radical departure from its old time conservatism by adopting harvest rates on all its lines.

P. T. Bartlett, general agent of the Lehigh Valley railroad, with headquarters at Toledo, was in the city last evening, en route west.

John E. Bleekman, private secretary to General Superintendent Magee, of the Wabash, has resumed his duties after several week's illness.

An excursion train will pass through the city to-morrow morning, taking a number of people to the soldiers' home at Dayton, Ohio, for a visit.

Major Frank Weldon, of the Pennsylvania company's offices, has returned from Warsaw, where, with his family, he has been camping for some time.

The Pennsylvania company has a grain blockade at Baltimore which is holding several hundred cars out of service on the line until the blockade is relieved.

W. C. Baade, clerk at the Pittsburg blacksmith shops, is observing his birthday to day. He remained at his desk all day, but his friends will tender him a reception this evening.

The Central Traffic association, which controls all inter-state roads entering Fort Wayne, has granted a half fare rate for Labor Day on every road in the association that runs into the city.

Since the 1st of August orders have been placed with eastern locomotive works for over 100 engines, most of them heavy freight engines. The demand for other rolling stock is also becoming large.

General Superintendent Miller, of the Pennsylvania lines west of Pittsburg, said yesterday that on every division on the Southwestern system it was impossible for the company to furnish cars to move the business offered.

A freight wreck took place at 3 o'clock this morning, on the Pittsburg road, at Davis station, eighty-two miles west of this city. Freight train No. 78 run into train No. 75 on the side track. The engine and five cars were derailed. No person was injured and but little damage was done.

The Wabash railway mortgages are this week being filed at county seats in this state. There are three documents, one calling for $34,000,000, in favor of the Central Trust company, of New York; another for $30,000,000, in favor of the Metropolitan Trust company, and a third, for $14,000,,000 in favor of the Mercantile Trust company.

F. W. Dunham, foreman in one of the departments at the Olds wheel works, discovered in his room at the establishment yesterday, three little white kittens cozily stored away in their nest. The boys are all after them, but Mr. Dunham has promised to give one of them to Clerk Joe Hiet, one to Foreman Bill Smith and the other to Clerk Jake Wisener.

The American Midland railroad yesterday received at Findlay, O., a large amount of new material for use on the road, and in the shops. Among other things were several car loads of heavy steel rails, four cars of ties and several cars of lumber and iron for the car shops. The rails and ties were sent to Glandorf to be used on the western extension.

Last night at Buffalo, N. Y., Nickel Plate engine No. 56 was run out of the Chicago street round house, and near the Hamburg street crossing the engineer saw train No. 24 coming in at a good rate of speed. He reversed and opened his throttle and he and the fireman jumped. The train sent the switch engine flying, and with a full head of steam on and the additional propulsion of the collision it went smashing back into the round house at sixty miles an hour. Engine No. 140 was just coming out and a terrific wreck ensued. Both engines were smashed and engineer and fireman of No. 140 were badly injured, being unable to get out of the way.

JENNEY SPARKS.

O. K. Johnson, F. Passino, Aug. Hocklemeyer and F. Havens will attend a corn cutting on the farm of Wm. Thurston, next week. A dance platform has been erected in the orchard and a good time is expected.

F. Passino has purchased a new milk wagon from a Delphos, Ohio, man and will start into business in a few days.

M. Dickerson has returned from California, where he has been doing work for the company.

Chas. Eikoff and Sam Slocum will leave for Bowling Green, Ohio, Sunday morning.

The Jenney will undoubtedly run on Labor Day, as they are over-run with work.

It is rumored that A. Eshle will soon wed a buxom young country girl.

W. H. Kendall will celebrate his forty-fifth birthday Sunday.

S. W. Rehrer has been promoted to running a pop bottle lathe.

Joe and Alex. Schlotter made a flying trip to Avilla this week.

Lot Logan has removed into his new quarters.

Prepared by a combination, proportion and process peculiar to itself, Hood's Sarsaparilla accomplishes cures hitherto unknown.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

S. Backus, of Ingham county, Mich., has a swarm of fighting bees. They recently attacked a flock of twenty-five turkeys and billed every bird in the flock.

YOUNG AGAIN.

Pain and sickness bring on old age with wonderful rapidity. Weary steps and faded cheeks often come when enjoyment of life should be at its height. Loose's Extract of Red Clover Blossoms will make one feel young again, and on account of its intrinsic value it is having an immense sale. For sale by Dreier Bros.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

TAR-OID

NATURE HAS NO BETTER REMEDY
Than this New Compound of Tar for
Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.
Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by impure blood, which is not true. They have their cause in a want of vital action in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. "COONEY THE FOX!"

Stories Afloat That He is in the Custody of the Police—The Cronin Case in Court.

CHICAGO, Aug. 30.—The rumor is revived that Patrick Cooney, "The Fox," Martin Burke's and John F. Bogg's friend and boon companion, is in the custody of the police.

As the story goes, Cooney, who is a rather intelligent man, on discovery that he was duped into becoming one of the murderers of Dr. Cronin, by infamously false statements to the effect that the victim was a spy, resolved to surrender in order to expiate his own crime and to bring the doubly guilty instigators of the murder to justice. Cooney, it is said, has not been in jail or in confinement, but has been staying with some of the friends of the murdered doctor, awaiting the opportunity to make amends for his misdeeds.

Another story is that Cooney has been arrested, on a requisition obtained at Springfield in the early part of the week by Superintendent Hubbard.

The facts in relation to Cooney, it is said, were divulged to the prosecuting attorneys for the first time yesterday and the protracted conference at Mr. Mills' office in the afternoon had reference exclusively to that affair.

Another story that found circulation and is believed by many, is that the galvanized iron box containing Dr. Cronin's clothes, and which was soldered by the Klahre's, has been discovered. The police officials and the attorneys for the prosecution refuse to say anything about these rumors.

When Judge McConnell's court opened this morning at 10 o'clock, States Attorney Longenecker announced that the state was ready to proceed in the cases of Coughlin, Beggs, O'Sullivan and Burke.

It was agreed that a special venire should issue for fifty jurors returnable at 2 o'clock, and the prisoners were remanded to that hour.

The rumor that Cooney is in the custody of the police, and is kept in hiding by some of the friends of the prosecution is not believed.

THE G. A. R.

Proceedings of the Soldiers' Encampment at Milwaukee.

MILWAUKEE, Wis., Aug. 30.—The resolution favoring an amendment to the pension laws by which soldiers' widows should continue to receive pensions in the event of their remarriage, was rejected in the national encampment just before the adjournment yesterday afternoon. Strangely enough no reference to the matter appeared in the report of the official stenographer, nor is the resolution among the documents of the day on file.

Corporal Tanner was one of the speakers in support of the resolution, and he is credited with using, in the course of his speech, the following sentiment: "I want to say that to fail to adopt some such a rule is to place a premium upon immorality. There is not a week that there are not a great many cases that come to my knowledge where women have made lamb-skins of their virtue to retain a pension."

A number of delegates who were spoken to this morning, denied that the commissioner of pensions had expressed himself in those liberal terms, although they admitted that he made rather a broad remark that, in the language of an Ohio delegate, "brought down the house and made those present shake their sides."

The encampment resumed its session this morning. An adverse report was made by the committee on resolutions on the resolution declaring against the recent decision that a dishonorably discharge from the army is no bar to the securing of a pension.

Among the other resolutions was one asking the government to furnish each post with a copy of the regiment record now in course of publication.

TOO HOT FOR WORK.

Harrison Busy Looking Over the Papers of Office Seekers.

DEER PARK, Md., Aug. 30.—President Harrison found it too hot for executive work to-day and was busy all the morning over the papers of a number of candidates for office. He received no callers, but went back to his old custom of working from 9 o'clock to 1.

Charles M. Hammond was appointed postmaster at Boonville, Ind., yesterday by President Harrison.

The Weather.

WASHINGTON, August 30.—Indiana—Fair, slightly cooler in northern, stationary temperature in southern portions; southeasterly winds.

MRS. F. C. WILLIAMS-PATTERSON

The Brilliant Lady Orator Who is to Speak in This City on Labor Day.

Among the distinguished orators who are to be in this city on Labor Day, next Monday, to address the people at the fair grounds, is Mrs. F. C. Williams-Patterson. Those who heard her at the Academy of Music a year or two ago will not need to be told that she is an eloquent and brilliant speaker, for she captured her audience on that occasion, and her re-appearance here will be heralded with pleasure.

MRS. F. C. WILLIAMS-PATTERSON.

This lady, formerly state lecturer and organizer of the Illinois Knights of Labor, was born in the state of New York, Shuylor county, about seven miles from the head of Seneca Falls, and the famous Watkins Glen, in the little village of Tyrone. Her father's name was Israel Davison, and was of Scotch extraction; her mother was of French descent. She is the youngest of a family of fourteen children. She received her early education in a country school, and afterward attended an academy for a few years after coming to Illinois in 1863. In 1868 she left the state of Illinois for California, which state for a long time she made her home, a part of the time living on a farm in Solano county, and a part of the time in the city of San Francisco. She returned to Illinois a few years ago.

Her first appearance on a platform was in Eureka, Wis., in a little brown Universalist church. She has spoken upon temperance, woman suffrage and all kindred topics. She was for three years a member of a Theanthropic society in San Francisco, which was a free platform for all topics relating to human weal.

In the winter of 1885 Mrs. Patterson joined the Knights of Labor—local assembly, 2,999, San Francisco, Cal.—from which assembly she holds the highest testimonials as to character and as to ability as a public speaker. A set of resolutions were passed by this assembly, in September, 1889, congratulating the state executive board on her appointment and the efficient work guaranteed to the state thereby, and recommending her to the general executive board as a general lecturer, with a salary to enable her to further push the work. Mrs. Patterson delivered her first lecture on the labor question in old Music Hall, and it was upon the subject of "Woman as Related to the Labor Movement." She spoke in nearly every hall in that city afterward on this great topic. She is an honorary member of the Coast Seamen's union, of the Pacific coast, and has been state lecturer by appointment in both Illinois and Indiana.

Mrs. Patterson has been for one year and six months associate editor of the Chicago *Express* and is a trusty, tried and faithful advocate of the great cause. She has sacrificed everything for the work and is really one of the most indefatigable and able leaders in the great battle for equal rights now in the field.

Mrs. Patterson is a lady of decided strength of character, a natural orator of great magnetic power and will make her mark wherever she goes.

Big Embezzlers.

GRAND RAPIDS, Mich., Aug. 30.—Alfred Broad, formerly foreman of the State Packing and Provision company, was arrested at Ionia, Wednesday, and brought to the jail here on a charge of embezzlement. It is claimed that his stealings will run from $10,000 to $40,000.

TOPEKA, Kas., Aug. 30.—Governor Humphrey yesterday issued a requisition for Dan B. Russell, jr., treasurer of Scott district No. 12, in Kearney county, who is a defaulter to the amount of $15,000, and is supposed to have gone to Canada.

Hon. Robert Stratton's family, of Minneapolis, are visiting in the city.

THE LONDON STRIKE!

If the Demands of the Strikers Are Not Conceded Monday Will Witness a Dark Day.

LONDON, Aug. 30.—The committee of the striking dock yard laborers held a meeting last night, and, as the result of it, a circular was issued early this morning strongly appealing to workers of every calling in London to strike on Monday unless the dock companies shall in the meantime concede to the finale demands of their striking employes, to-wit:

Six pence an hour for ordinary work and eight pence an hour for over time. The latter to count from 6 o'clock in the evening until 8 in the morning. Under the contract system the demands are for ordinary work and a shilling an hour for over time; no man to be employed less than four hours.

A mass meeting of strikers will be held in Hyde Park on Sunday. The Dock companies are still obdurate with regard to the single point in dispute, the increase of wages as demanded by the men, and the indications are anything but favorable for an immediate settlement of the strike.

Cardinal Manning has espoused the cause of the striking dock laborers, and is pleading with the directors of the dock companies to put an end to the trouble by conceding the demands of the men.

The gas stokers are becoming much disturbed over the strike, and fears are entertained that they may join the dock men, in which case the city would be thrown into darkness, and danger of calamity from the neglected retorts would be very great.

The manifesto issued by the strikers' committee this morning is signed by all the labor organizations of London. The condition of affairs becomes more serious hourly. Mr. Burns addressed a meeting of 8,000 men at Tower hill to-day, giving as the watchword; "No Surrender." He was wildly cheered. Three thousand iron workers at Keighly have struck.

IN THE SOUP.

James P. Tomlinson and Adam J. Sternberg Behind the Bars for Revenue Violation.

Last night U. S. Commissioner Elmer Leonard heard the evidence in the cases of James P. Tomlinson, of Butler, Ind., and Adam Sternburg, of Hamilton Lake, Ind.

The men pleaded guilty to violation of the internal revenue laws and were bound over, Tomlinson in the sum of $400, and Sternburg in the sum of $200.

The prisoners not having the required bail will be taken to Indianapolis tomorrow by Deputy U. S. Marshal T. W. Blair.

Maryland Hanging.

CUMBERLAND, Md., Aug. 30.—Melvin E. Garlitz was hanged here this morning for the murder of his wife. He showed no signs of fear on the scaffold, and died without extraordinary struggling.

LOCAL LINES.

Mr. Fred Hollenbeck had his arm injured yesterday while at work on a ditch.

The uniformed rank of the Legion will hold a meeting to-night to prepare for Labor day.

The Wabash excursion to Put-in-Bay will be a success, from present appearances. To day there were 408 tickets given out.

Wm. Kent will be arraigned before Squire Ryan, on the charge of provoking Joseph Massions. The affidavit was filed to-day.

Some of the business men have surprises in store for the Labor Day parade and will make a grand showing of their business. The committee invite all the merchants and manufacturers to participate in this demonstration.

CARVER'S CONCERT.

A Financial Failure But a Musical Success—An Excellent Program.

Last evening at the Temple a fair audience gathered to hear a rare musical treat on the occasion of Walter Carver's concert. It must be said that amateur concerts seldom meet with large houses and swelled receipts. The program was carefully selected, including Miss Ida Kellogg, the Fort Wayne favorite.

Those participating were Mr. Richmond, the Chicago basso, Miss Carter, of the same place, a soloist of fairly good ability, and others. The quartet songs of Misses Kellogg, Carter and Messrs. Harkemper and Carver were much appreciated. The entire entertainment was commendatory to Mr. Carver who worked so energetically to give a first-class musical program and then failed to realize anything but praise for his efforts.

A DISASTROUS "SPURT."

Frank Keplinger Takes a Bad Header From a Bicycle and is Seriously Injured.

Between 7 and 8 o'clock, this morning Mr. Frank Keplinger, assistant book-keeper at the First National bank, met with a serious accident while "spurting" on his bicycle, about four miles from the city on the Leo road.

He lost the pedal and the machine sent him head-long down an embankment at the road side, where he lay in an insensible condition until a vehicle arrived from the city and conveyed him home.

Dr. H. V. Sweringen was called and he pronounced the injuries serious. The young man is in considerable pain, which creates an impression that he is injured internally.

This afternoon the young man was resting easier.

THE LAW HEAT

The Race of the Driving Association Come to a Close To-day—A Fairly Successful Tournament.

The three days' racing tournament of the Fort Wayne Driving association, came to a close this afternoon and considering the fact that Fort Wayne has not heretofore been treated to a first-class field of horses and also that people have got to be educated to these features that the city has not had before, it must be conceded that the event has been fairly successful.

The program yesterday was fulfilled in every particular. The first race called was the 2:40 class, pacing. There were five fine starters, and it was a splendid contest, but was won in three straight heats by Blue Belle, owned by Jacob Stalbs, Decatur, Ind. The following is a summary: Blue Balle, 1, 1, 1; Tom F., 4, 2, 2; Mattie Fleming, 3, 2, 3; Lady Vice, 2, 4, 4; L. B. Curtis, distanced. Time, 2:29½, 2:34½, 2:30½.

The free-for-all trot was a lively race, but was easily won in three straight heats by Frank Middleton, owned by R. J. Downs, of Chicago, Ill. The score was: Frank Middleton, 1, 1, 1; Kit Curry, 2, 2, 2; Gold Leaf, 3, 4, 3; Silver Cloud, 4; 3, 4; Junemont, 5, 5, 5. Time, 2:24½, 2:26½, 2:25½.

The last race of the day was the running, mile dash, and it was a very spirited contest. The horses received a good start, and they held together closely—almost neck and neck—for the first half mile, when Ernest Race forged slightly ahead and came in under the wire a victor, in 1:45, this also being another record breaker on the track. The position of the horses at the close of the race were, Ernest Race, 1; Somerset, 2; Ellie H., 3; Walker, 4, and John Bowers, 5.

To-day is termed the blue ribbon day of the tournament. There is a 2:20 trot, with six starters; a 2:27 pace, with five starters, including Luella, owned W. B. Rash; a 2:28 trot, with five starters, including Elsie B., owned by A. D. Cressler; a half mile run, and an exhibition pace, by Red Bell and others.

A STABBING AFF.

George Thompson Makes a Fierce Assault on His Wife.

This morning the patrol wagon was called out on South Harrison street, in the vicinity of Williams park.

George Thompson, a middle aged man, was very rash with a large butcher knife, and in his frantic excitement used it on his wife. The woman was a victim to his crazy attempt, and received a bad wound in her arm. The case was called for 3 o'clock this afternoon.

The mayor, after hearing the evidence, assessed a fine of $25 and costs, and in lieu of the necessary wealth, the man went to jail.

10,000 PEOPLE PERISH!

And 20,000 Rendered Homeless by the Storms in Japan—Great Loss of Property.

YOKOHOMA, August 30.—By the recent storms in the district of Wakayoma, 10,000 people perished and 20,000 were rendered homeless. The loss of property is enormous.

A CLOUDY CASE.

Moses Moten Assaults Robert F. Barnes Whom He Alleges Ruined His Daughter.

This morning Officer Patrick O'Ryan made the arrest of Moses Moten, a colored man living at 70 Murray street. Moses it seems, waited for a train to come in on the G. R. & I. railroad, on board of which was Robert F. Barnes, a colored brakeman. When Barnes arrived he received a tough reception from Brother Moten, who used a heavy cane over his head and shoulders with much vigor.

Moten stated that Barnes had been too intimate with his daughter, and had ruined her. He thought he was only just in belaboring the fellow. Moten is a hard working man, and has long been with the Kerr Murray company in the capacity of engineer. Mr. A. D. Cressler went on the bond for the man's appearance on a charge of assault with intent to kill.

More sensational developments will come. Meanwhile the unfortunate girl is confined to the bed.

A MINISTER'S DILEMMA.

He is Wanted by an Unknown Female Admirer.

The Rev. Thomas Harrison, the venerable "boy preacher," is haunted by an unknown female admirer who follows him about the country. She is said to be rich, young and beautiful and dresses strikingly. The revivalist pays no attention to her, although she always sits in the front row when he is preaching. As Harrison is making $400 a week he is not looking for a wealthy bride.

There is not a man in the world, perhaps, who is insensible to the charms of the fair sex and who is not flattered when he receives their admiration. One method of securing their favor is to always dress neatly and "in style." If you purchase your clothes at Original Pete's, you will find that the girls will always admire you.

There is no let up to the rush of trade at the Flood Sale. People see that they can save nearly half on their shoe bills and still get honest made goods. Still plenty of excellent bargains left.

FRIDAY, AUG. 30, 1889.

THE Indiana state fair will occur September 23 to 26, and the outlook is for the best fair ever held in the state.

MR. THOMAS G. SHEARMAN estimates that there are 31,000 persons in this country who own three-fifths of the total wealth of the country.

NEXT Thursday will occur the laying of the corner stone of the new M. E. church at Angola. Rev. Dr. Barnes, of this city, will deliver the address in the afternoon and will also lecture in the evening.

JOHN H. SOBRAT has just had his life insured at Baltimore. In the application blank he wrote opposite the question as to the cause of the death of his mother: "She was murdered by the United States government."

THE Pope is taking a summer holiday. He left the Vatican to stay in a small pavillion at the end of the gardens, called the "Casino of Pius IV," and thoroughly enjoys the change after being restricted to the same apartments for over eleven years.

CORPORAL TANNER was given a mild indorsement by the G. A. R. encampment at Milwaukee yesterday, and tacked on to the end of the resolution was a clause asking for a full investigation of the affairs of the pension commissioner's office.

NO PERSON living will again date a document without using a "9." It now stands on the extreme right—1889. Next year it will take second place—1890, where it will remain ten years. It will then move into third place—1900, and there will rest a century.

COL. I. J. C. SHUMAKER, of Tiffin, O., who is prominent in the Knights of Pythias order, was nominated Wednesday at the Ohio democratic state convention for clerk of the supreme court. Colonel Shumaker is a frequent visitor in Fort Wayne and has many friends in this city.

IN speaking of the campaign in Ohio the New York *Herald* has this to say: "The democrats by a united effort may make the republicans' teeth chatter, but they will have to burst a button if they propose to throw their opponents. The republicans have the money and the democrats the right; that is how the matter stands. This a pretty cold world and an argument which rests on a crisp greenback, as a luscious oyster does on the half shell, is the most convincing thing in the politics of the time."

THE St. Joseph conference of the United Brethren church, in session at North Manchester, this week, struck the names of six offending ministers from the conference list. The offense of the deposed brethren was in encouraging the conservative element in its fight against the liberals, the out growth of the recent general conference. The action is considered arbitrary and unjust by the alleged offenders and their friends. The St. Joseph conference embraces nearly all of northern Indiana.

THE Detroit *Free Press* has this to say: "Fort Wayne, Ind., must be a thrifty town, even when measured by the Hoosier standard. It is charged that a lot of clothing left in the pest house of the city named by victims of the small-pox was sold to some Italian laborers, who afterwards went to work in Wisconsin and started an epidemic there. It would be cheaper, if this line of conduct represents the settled view in Fort Wayne of what is neighborly, for the country to subscribe the cost of buying and burning all the infected clothing that city has on had in its pest house or elsewhere."

THERE are on the pension rolls very nearly a half million names. The amount spent for all purposes last year by the bureau was in round numbers $82,000,000. The total expenditures of the government for the same time were $267,000,000. That is to say the amount spent on account of pensions was over thirty per cent of the entire outlay of the government. The money which this country has appropriated for the support of its boys in blue since 1861, reaches the very respectable sum of $1,000,000,000. A larger number of special pension acts were approved by Grover Cleveland than by any two presidents since the south fired on Sumpter.

TWENTY-THREE republican clubs in the Third congressional district, Baltimore, met in joint meeting and adopted resolutions in opposition to civil service laws. They claim that "any party in power having an office to bestow should give it to the man believing in the principles of that party, and who has worked to give those principles ultimate victory." They pledge themselves not to support any one for office who is in favor of "the present odious civil service, or its application in the distribution of public patronage." The republicans want all the offices when they are in power in national affairs and they want them when they are out of power. In fact they want office all the time, and think there are too few of them now to go around.

DON'T STEP ON WHISKY'S TOES.

A Dakota Editor Did It and He Has No Printing Office Now.

VALLEY CITY, Dak., Aug. 29.—The office of the *Times-Record* of this city, was completely demolished by a mob Tuesday night. The editor of the paper is a pronounced prohibitionist, and has used his influence with telling effect, both in local affairs and in the state conventions. The editor has been warned frequently, but the effect was to make his attacks upon the whisky element more bitter.

At dark Tuesday evening a mob quietly surrounded the building and at a given signal a rush was made. The door was broken in and the work of destruction commenced. It was not stopped until everything that could be destroyed was demolished. Presses were broken, type thrown into the street, ink spilled on the floor and not a dollar's worth of stock escaped the general wreck. Several participants in the outrage are known and they will be most vigorously prosecuted.

THE POPULAR "CON."

The State Convention of the Railway Conductors Held at Logansport.

The state convention of the Indiana division, Order of Railway Conductors, opened Wednesday at Logansport, Ind., for a two day's session in that city, and was attended by representatives of all the lodges in the state, of which there are twelve, and a large number of conductors went merely for pleasure. The convention was called by Assistant Chief Wilkens for the purpose of giving instructions in the new ritual recently adopted by the grand division of the United States. The meeting was held with closed doors, and the work was of a secret nature.

Among the delegates attending were C. H. Wilkins, grand chief conductor, Chicago; A. B. Cardwell and A. C. Miller, Garrett, Ind.; A. J. Lee, Terre Haute; L. M. Blakesley and L. A. Kanage, Fort Wayne; John Fording and F. G. Parkin, Andrews; P. J. Richardson, Kenton Garrison, Butler; S. P. Johnston, Huntington; E. N. Hart, Hannibal; Chalmers Brown, H. M. Mounts and J. E. Walters, Indianapolis, and Frank Barnett and E. W. Alexander, of Logansport.

The business closed last night with a grand reception.

PHOEBE'S PERSECUTMENT.

Phoebe S. Braithwaite Makes Serious Charges Against Her Husband.

To-day Mr. A. H. Bittinger, as attorney, filed a complaint with the county clerk in which Phoebe B. Braithwaite seeks a divorce from Charles S. Braithwaite.

The charges are serious and show that the woman has been cruelly treated and has not been provided for in the manner that any true, devoted wife had ought to be.

The defendant is an engineer on the Nickel Plate and is known well in railroad circles. The parties have resided at 181 Greely street.

The case will be heard in the circuit court.

REMARKABLE STATE CIRCULAR

Superintendent LaFollette Advises Against the Sale of Old Books.

The superintendent of public instruction has issued a somewhat remarkable circular. It is issued in the name of the state, and is as follows;

INDIANAPOLIS, Aug. 24, 1889.
To County Superintendents and Trustees:

I wish to call your attention to the fact that in the change of books now taking place throughout our state, the prices allowed in exchange for books heretofore in use in the schools of the state are so small as to compare very unfavorably with the value of such books in the hands of the pupils for works of reference.

In view of the lowness of the prices offered, the books heretofore used should not be exchanged, but kept by the pupils and used as books of reference. The price of the new books, without exchange, is practically equal to exchange prices. I therefore recommend that you use your influence to prevent any such unprofitable exchange and loss to pupils and parents. Very respectfully,

HARVEY M. LAFOLLETTE,
Superintendent of Public Instruction.

Ball Games.

The games played yesterday were as follows:

National league—Pittsburg 9, Chicago 2; Washington 12, Philadelphia 4; Indianapolis 1, Cleveland 5; New York 9, Boston 6.

American association—Baltimore, 6, Brooklyn 4; Columbus 15, Athletics 1.

Very Sensible "Japs."

In Japan the old-school physicians are permitted to wear only wooden swords. This is a gently sarcastic way of expressing the opinion that they kill enough people without using weapons. But the druggist who introduced Dr. Pierce's Golden Medical Discovery into the Empire, carries a fine steel blade. It was found that all who tried this wonderful remedy for coughs, colds, consumptive tendencies, blood, skin and liver troubles, were, without exception, greatly benefitted. The Mikado himself is said to have "toned up" his system by its use, and the importer was therefore permitted the exceptional honor of wearing the sword of nobility.

Moellering, two-story frame house, lot 95, Hanna's addition, $3,000.

John Merkel to repair house on lot 9, Neels' 3rd addition, to cost $300, and Leonard Molitor to build a kitchen on lot 299, Lewis' addition, to cost $200.

L. M. Neale to build a store building on lot 518, Hanna's addition, to cost $1,800, W. H. Drier, store building, lot 545, Hanna's addition, $1,500; C. Trevelt, boiler house, 25 Old Plat, $600; S. Heingartner, barn, on lot 12, Ewing's addition, $50; C. F. Reinkensmeier, kitchen, on lot 10, Ewing's addition, $200.

The Moore of Keene illustrates the passion of jealousy in its most malignant form, the Moore being a product of that zone which produces all that is ardent, melting, languishing, tender, voluptuous in passion, and that which also produces the fiercest beats and the most venomous serpents. In his love for Desdemona the first have possession of him; in his jealously he is a brute. Reason is in suspense throughout. Such is said of the Othello of Keene and as such he has acquitted himself with great credit and received the generous and well merited praises both of the press and public everywhere.

Peculiar

In the combination, proportion, and preparation of its ingredients, Hood's Sarsaparilla accomplishes cures where other preparations entirely fail. Peculiar in its good name at home, which is a "tower of strength abroad," peculiar in the phenomenal sales it has attained, Hood's Sarsaparilla is the most successful medicine for purifying the blood, giving strength, and creating an appetite.

The *Epitome* for May, 1889, a leading medical journal of New York, says editorially: "For years Pond's Extract has been distinguished for its purity and reliability. Of unvarying strength, clear and pure as a crystal, this distillate has been more than popular. Surgeons, physicians, and dentists unanimously accord it higher praise. As a styptic and astringent its particular virtues stand forth very prominently; but we believe that a large proportion of the profession fail to give it the attention it deserves. Its antiphlogistic property renders it peculiarly useful in inflammatory surgical affections, as erysipelas, diffuse swellings, strains, sprains, bruises, and the like. In simple inflammatory affections of the throat, ulcerative tonsillitis and stomatitis it acts promptly and pleasantly. As an embrocation in muscular and sub-acute rheumatism it affords great relief."

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Walterburg, sold over 300 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy during this epidemic, and say that they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 50 cent bottles for sale by Geo. H. Luesch.

Swift's Specific has cured me of a malignant boil on my leg, which caused intolerable pain. It was called Eczema by the doctors four of whom treated me with no relief. I confidently confess that I owe my present good health to S. S. S., which in my estimation is invaluable as a blood remedy.

Our baby when two months old was attacked with Scrofula, which for a long time destroyed her eyesight entirely, and caused us to despair of her life. The doctors said it could not be cured, but we gave Swift's Specific, which soon cured her entirely, and she is now fat and healthy.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health. Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

Send for a beautiful book free.
